WORK EXPERIENCE

Developer (Tata Consultancy Services Gmbh)

September 2021 to Present (3 years, 5 months)

- Worked for Deutsche Bank as a part of the Design team and drew wireframes for developing a solution to the task.
- Also was a part of the startup Scrum Team formed to train the juniors the Agile Methodology.

Research Student (SRH University Heidelberg)

- Researched intensively on the topic "Behavior of Self Driving Cars after sensor actions" by studying certain Object Recognition techniques.
- I also learnt ROS (Robot Operating System) and OpenCV in Python which plays an important role in Path Planning and Object Detection.
